OFFICE OF THE INSPECTOR-GENERAL IN MYSORE.

Dated Bangalore, 22nd March 1922 190

Dr, H. B. Mylvaganam, F.R.C.S., (Eng).,

Inspector-General of Prisons in Mysore,
Bangalore.

. Hiriannaiya Esqr., M.A., B.L.,

Secretary to the Government of H. H. the
Maharaja of Mysore, General Depari
Bangalore.

I forwarding herewith a copy of letter No.R.J.C. - 635/21-22 dated 14th March 1922 together with copies of its enclosures received from the District Magistrate, Kolar Distri on the subject of free allowance of water to the staff of the Special Lock-up at Kolar Gold Fields, I have the honor to stat that the subordinates of other Sister Departments on the Kolar Gold Fields Mining area, where living is very costly, are repo to have been allowed to them free allowance of water. It will very hard to the poor low paid officials of the Special Lock-u to defray the water charges out of their small salary.

I request therefore that you will be so good as to obtain sanction of Government for a free supply of water to th Lock-up subordinates at Kolar Gold Fields as in the case of si servants in other Departments there.

I have the honor to be,

Sir,

Your most obedient servant,

K. B. Mylvaganam

Inspector-General of Prisons.

In continuation of my letter No.R.J.C.552/21-22 dated the 14th February 1922, I have the honor to forward herewith a copy of letter No.67 of the 4th instant from the Special Lock-up Offi K.G.F. together with a copy of its enclosure and to state that u the circumstances pointed out therein Government may kindly be m to sanction free supply of water to the Lock-up Staff as in the case of the subordinates of other Departments on the Kolar Gold Fields.

With reference to your letter No.51 dated 18th February 192 returning the two bills for water charges due from the staff of Sub Jail, I have the honor to point out that the tap referred to in the letter of District Magistrate is within the compound and cannot be used by the public. However, if the tap is not wanted : the staff of the Sub Jail, it will be closed. Regarding the char claimed, for the 3 months, the staff of the Sub Jail may kindly be asked to pay the amount, since they did not bring to my notice till now the water was being taken by the public.

In returning the bills for favour of early adjustment, I request to be informed whether the tap may be closed.

Letter No.67/-dated 4th March 1922 from the Special Lock-up Officer, Kolar Gold Fields,to the District Magistrate, Kolar Dist

-@-@-@-@-

With referenceto para 2 of your letter No.J.C.552 dated the 13th February 1922, I have the honor to state that the water charg bills of the warder's line were returned to the

Pumping Station as directed. The reply of the Superintender to the reference made in the matter is herewith submitted for your kind perusal. The Superintendent has stated that th tap will be closed if it is not wanted by the staff.

Though the tap is situated within the compound of staf quarters it is accessible to the outside public as well. Thi the only tap that is serviceable and available to the staff the Sub Jail.

There are eleven families of warders residing in the line nine of whom are low paid menials, It is very hard for them maintain themselves with the poor wages they are now getting on the Field where, living is very costly and it is impossib to expect of these poor servants to defray water charges as out of these small salary. Side by side similar servants in Electricity, Geological and Water Works Departments are give free supply of water, and it is invidious why these poor ser should be treated otherwise.

I may add here if these people are deprived of this o water tap, there is no other source of water supply to them. There is no public tap close by to which they can resort for water. It is rather hard to keep them without water supply w is one of the most essentials of daily life.

In these circumstances, I request you will be so good as to move the Inspector-General of prisons to obtain sanctio of Government for the free supply of water to the Staff of th Sub Jail. If this is not found feasible, the Inspector-General Prisons may kindly be requested to permit me for meeting thes charges out of contingencies of the Lock-ups of the District, is done in the case of water supply to the Sub Jail.

Care will, however, be taken to see that the water con tion in the line is confined to the staff of the Sub Jail onl and minimised as far as possible and that no outsiders are in future allowed to draw water from this tap.
